VOL. XLII. UPLAND, CALIFORNIA, TUESDAY, AUGUST 11, 1936. NO. 30.

Allen Resigns As Chamber Secretary

BARR IS CHOSEN PRESIDENT WHEN NEW BOARD MEETS

Secretary Here Four Years Will Attend University In September

Avery S. Allen resigned last night as secretary of the Upland chamber of commerce, it being his plan to resume scholastic endeavors either at the University of California or Stanford university. He will specialize in the field of governmental administration. He is a graduate of U. S. C. and has served four years as chamber secretary.

Mr. Allen's resignation, effective Sept. 1, was submitted at the meeting of the board of directors, it coming as a complete surprise, none of the officials being aware of the secretary's intention to retire from the position.

In a temporary organization of the board, Alan S. Barr, assistant cashier of the First National bank, was elected president, effective Sept. 1. The "hold-over" directors and the six recently elected directors participated in last night's organization. The new directors were present as guests. Mr. Barr has been very interested in the chamber work during the past year and he was the unanimous choice for the leader and he will serve pending final decision on the future of the chamber.

Last night's meeting of the board was under the administration of President J. Harvey Siegrist. Mr. Siegrist and the other directors who have served two years will retire Sept. 1.

One of the major events just ahead for the group is the presentation of an Upland exhibit in the Los Angeles county fair. A committee composed of Kenneth Hanson, Gene Nisbet and Dewey Harnish is working on the project.

In discussing chamber finances it was pointed out that the Ontario city council granted the Ontario chamber $200 for its fair exhibit. It was also reported that it is a general policy for city councils in most Southern California communities to participate in the support of their chambers of commerce. The $6 annual dues for the local chamber are scheduled to be continued in the coming year, although efforts will be made to increase the membership roll.

Concerning Mr. Allen's successor, it is likely the group will take action soon. Possibility of maintaining the chamber office on a part time basis was discussed.

The newly elected directors are Glenn M. Atwood, Milton Huxtable, William F. Rugg, Don Palmer, Howard Mason and Earl Hawthorne. The holdover directors are Earl H. Johnson, Alan Barr, Sam D. Barker, Vernon V. Paine, A. Bradford Whitney and Dr. Earl L. Wenger. The directors who will end their duties Sept. 1 are Mr. Siegrist, Stanley Marshall, William Beard, Harold W. Cook, Charles J. Coe and Gene Nisbet.

Major Harrington Now Convalescing

Major R. R. Harrington, who was seriously ill for some time at the San Antonio Community hospital and who is now convalescing under the care of two nurses at his home, 742 Euclid avenue, is improving nicely, a fact that gives much satisfaction to his numerous friends who have been greatly concerned about his condition. The major is able to sit up briefly at intervals and is looking forward to the time when he again will be able to be out.

Brush Fire Is Near Riding Academy

Upland firemen were called at 3 o'clock this afternoon to extinguish a brush fire at Fifth avenue just north of Thirteenth street. Fanned by a fairly stiff breeze the flames were heading toward the building of the Upland riding academy, but the structure did not appear to be in danger.

Petition of College Heights Group for Lights Is Refused

As the result of a new policy being adopted by the county board of supervisors yesterday, residents outside the city limits must pay all costs for installation and maintenance of lighting systems. In adopting this policy the board also discontinues its plan of sharing with Upland in the cost of maintaining street lights that are on the city-county line.

Upland has been getting $5.77 a month from the county as its share of the cost of lights that are partly in the city and partly in the county.

College Heights residents submitted a petition to the board asking for installation of five street lights. The county turned it down and then adopted its policy of discontinuing all aid to municipalities in maintaining lights. The board suggested formation of lighting districts if residents outside cities want street lights.

REPUBLICANS PLAN TO HEAR HAMILTON

Free Tickets to Hollywood Bowl Rally May Be Secured Here

Members of the West End Republican Women's club have received a general invitation issued through the Los Angeles office of the California Federation of Republican Women, to attend one or all of the three special events being planned for August 14 and 15, when John Hamilton, chairman of the Republican national committee and campaign manager for Gov. Alf. Landon, will be in Los Angeles, the most important meeting being that in the Hollywood bowl Saturday night.

Friday evening, Aug. 14, a dinner, at which Mr. Hamilton will speak, will be given at the Uplifters club in Santa Monica. The dinner will start at 7 o'clock and will be preceded by a reception at 5 o'clock.

At noon Saturday, Aug. 15, beginning at 12:30, a luncheon will be held in the Biltmore ballroom under the auspices of the various Republican women's organizations in Los Angeles county in honor of Mrs. John Hillman, vice-chairman of the Republican national committee. Mrs. Hillmna will be the speaker.

Climaxing the series of meetings will be the big mass meeting held in the Hollywood bowl Saturday evening with Mr. Hamilton speaking.

The meeting will be preceded by a great parade, with every county in Southern California participating. San Bernardino county participants are to meet at 6 p. m. at Vermont avenue and Hollywood boulevard.

Although no charge will be made at the Hollywood bowl meeting, still admission will be by ticket only, in order to avoid over-crowding. Free tickets equaling in number the capacity of the bowl, have been issued and in Upland these may be secured free from Dr. Lillian F. Baxter, chairman of the West End Republican Women's club.

A number of local Republicans, both men and women, are expected to attend one or more of the meetings.

Arrangements are being made to charter a bus for transportation to the bowl. Those interested should see J. Fred Anderson. This will be more convenient than driving private cars.

Covinan Fined $75 For Drunk Driving

H. M. Marshall of Covina has to pay the city $75 for the privilege of driving on a street here in an intoxicated condition. He was fined that sum, given a suspended sentence of 30 days in jail and his operator's license was suspended when he appeared before Judge D. J. Burlingame.

He was arrested at Grove avenue and Arrow highway by Officer Darwin Brest.

58 PER CENT OF UPLANDERS FAVOR BOND ISSUE VOTE

Chaffey Communities Most Distant From Campus Favor Auditorium

CHAFFEY POLL ANALYZED

Etiwanda, Alta Loma, Camp Baldy People Support Proposed Project

Residents in the Chaffey district most distant from the Chaffey campus are today more anxious than others that a $400,000 auditorium be placed on the campus, according to an analysis made by The Upland News of the post card poll conducted by the Chaffey board. The poll is to determine if sufficient sentiment favors the auditorium to justify the officials in calling a $195,000 bond election.

Among the larger outlying communities, Fontana is far out in front in giving the proposal its support. Seventy-three per cent of the Fontanans sending postal card "votes" to the Chaffey board want a bond issue and want the auditorium constructed.

Of Uplanders responding 58.3 per cent are in favor of a bond issue. Fifty-seven per cent of the Ontario vote favors the bond issue.

At the time of The News analysis yesterday afternoon 1507 persons had expressed their views. Of this number 58.5 per cent were in favor of a bond issue being called.

Chaffey board officials are hesitating in calling the election due to the comparatively small number of "ballots" received and due to the lack of apparent support for the bonds. A two-thirds majority is necessary in approving bonds.

Along with Fontana, Etiwanda gave the proposed bond issue a boost as did also Camp Baldy. Five votes have been received from Camp Baldy and all of them represent favorable opinion. Two people voted from Guasti, one favorable and one being opposed to an election.

In segregating the votes by towns and communities The News observed the postoffice cancellation.

Persons who have not yet responded in the poll by returning cards are being urged by Chaffey officials to act immediately. If the cards mailed out several weeks ago have been misplaced, persons may reply "Yes" or "No" on a plain card and the vote will be counted.

The following table gives in detail the number of votes received and the "yes" and "no" percentage by the communities in the Chaffey school district:

Town—	Yes	No	P. C.
Upland	202	144	58
Ontario	501	385	57
Alta Loma	17	10	62
Cucamonga	7	26	21
Etiwanda	12	5	70
Fontana	127	46	73
Camp Baldy	5	0	100
Guasti	1	1	50
Outside*	8	7	53

*Mailed by Chaffey community residents from other places.

Dr. Thompson Buys Hayslip Residence

A deal for sale of one of Upland's fine homes has been made, Dr. O. A. Thompson having purchased the large residence of Ralph Hayslip at Euclid avenue and Arrow highway. The Thompsons will be given possession within a short time—and the regrettable feature of the sale is that Upland will lose the Hayslip family. Mr. Hayslip has a position with the California Fruit Growers Exchange in Los Angeles and the family will move to a home they have bought in Glendale.

The Thompsons will make considerable improvements in their new home and will occupy it as soon as the work is completed.

Extortionist Sent To Jail for Year

Jesus Arganda, Chino Mexican, arrested on an extortion charge, was sentenced to one year in the county jail by Judge F. A. Leonard in San Bernardino superior court yesterday.

Auditorium Construction Now Will Mean Savings, Is View of Contractors and Architect

Contractors and architects, who were approached, have expressed the belief that taxpayers in the Chaffey district will realize savings if they accept the government offer of $185,000 in building the proposed auditorium on the Chaffey campus. They made these statements in comparing the costs of construction under PWA rules with costs in building under private contract without any PWA regulations.

The contractors admitted that costs on a PWA job would be more than on a private job and the increased costs were estimated by the various individuals as likely to be from 12 to 20 per cent.

Fred W. Williams, Uplander for many years, said: "My opinion is that the labor on a job the size of the proposed auditorium would be from 15 to 20 per cent less by contract than by the PWA method of handling the same job. The cost of materials and equipment would be the same in either case. As labor does not constitute over half the cost of a building, it is safe to say that the PWA requirements would not increase the total cost more than 10 per cent, or more than $40,000. This will enable Chaffey to save $145,000 by taking advantage of the grant of $185,000 from the Federal Public Works administration."

The firm of Allison & Allison, Los Angeles architects, has written to interested individuals concerning the project as follows:

"Having had experience with 17 PWA building construction projects totaling some $2,000,000.00 in cost, of which $900,000.00 represents outright grants of Federal funds, it is our observation that the increased cost of such work, due to government procedure, does not exceed 12 per cent over and above the cost of like work done without government aid, thus allowing any community receiving a 45 per cent grant to benefit still to the extent of 33 per cent.

"In effect this means that every 67 cents spent by any community on a PWA project actually purchases 100 cents worth of building or returns a net profit of 33 per cent on the total cost, or roughly, 50 per ccent on your own investment.

"It is our opinion, in the light of past experience, that there is no reason to expect building costs to do other than continue to rise, and for some years to come no community can hope to find net buildings costs at all comparable with those now obtained with the assistance of government grants."

W. P. Stover, Ontario contractor, also expressed the belief that the PWA-built Chaffey auditorium would cost about $40,000 more than an auditorium built without government restrictions.

"Considering the fact the government is offering a grant of $185,000," he added, "it seems to me that the Chaffey district has the opportunity if it builds now of saving $145,000."

The proposed Chaffey auditorium will cost approximately $300,000 to build. It will cost approximately $100,000 to furnish the structure. The furnishings will cost just the same whether the structure is erected with PWA funds or as a private undertaking.

GRAPE CULTURE TOLD AT ROTARY

First Vineyard in San Bernardine County Established About 1839

In the absence of the president, Dr. R. C. Stone, P. H. McQuillen presided at the meeting of the Upland Rotary club today noon at the Upland Inn. Rollin Jones of Etiwanda was program chairman and told of the difference in grape culture in San Bernardino county and Coachella valley. Mr. Jones stated cost of producing in the latter territory is about two and a half times as great as in this county. However, Coachella grapes ripen earliest of any in the United States and a higher price is secured for that reason.

Mr. Jones introduced R. R. McKennett, horticulture inspector from Cucamonga, who gave early history of the grape industry in

(Continued on Page Two)

CLOSED AREA WILL BE GUARDED SOON

Deer Hunters Advised to Keep Out of Local Forest as Season Opens

Deer hunting season opens Sunday but hunters will have to go elsewhere than the adjacent foothills for their game. Danger of forest fires is too great to allow hunters in the area.

To warn hunters from entering the closed area and to otherwise protect the forest, a patrol will be placed on the forest front from San Anonio canyon to Lytle creek. The patrol will be maintained by the forest service due to the extreme high fire hazard.

F. H. Manker, Upland, asks the cooperation of all sportsmen and others in preventing fires. In case of fire, he said, the alarm should be telephoned to 317-931 or 315-367, or a collect call to the fire dispatcher at Highland 6F1.

"We will greatly appreciate the cooperation of the general public," Mr. Manker added and then explained that persons caught in the closed area will be trespassing and subject to arrest and prosecution.

Mrs. Sarah Singer, formerly a resident of Upland and now residing in Van Nuys, is spending today in Upland visiting with relatives and friends and looking after business matters.

JUSTICE COURT TO BE IN NEW PLACE

Judge Jacobs Preparing to Build on Property Near Residence

Plans are being prepared today for a new home for the Upland justice court. Judge Fred H. Jacobs will begin construction next week of a buungalow-type dwelling on his residence lot just north of his home, 411 Eighth avenue. On its completion the new place will be used as Judge Jacobs' office, the living room-dining room space being planned so that it will serve as a court room.

Since his election as justice two years ago, Judge Jacobs has been occupying quarters in the Upland chamber of commerce building.

On completion of the new building he will vacate that office.

RED SCALE COVERS NEW LEMON CROP

Fumigation Urged by Anderson and Woglum at Meeting of Citrus Growers

Warning that the season's hot weather is resulting in the greatest crop of red scale in many years, experts in the citrus pest business have advised local citrus growers that lemon trees should be fumigated immediately. A new generation of red scale is possible every 40 days.

"If growers delay they will find that in late September their trees will be literally covered with red scale," R. S. Woglum, entomologist for the California Fruit Growers Exchange, said at a meeting in the Chaffey junior college auditorium Friday night.

J. Fred Anderson, local horticultural inspector, also advised immediate district-wide action in killing the young red scale. Nearly 200 citrus growers from the territory from Ontario to Etiwanda were at the meeting. Four speakers were on the scheduled program and Mr. Anderson was called upon for impromptu remarks. Mr. Woglum highly praised the work of the local inspector and suggested that growers heed Mr. Anderson's advice.

As the result of careful attention to spraying and fumigating in the past, the pest condition up until now has been the best in many years, the speakers said. The hot weather, however, is conducive to the spread of red scale. Fumigation was recommended now because spray material is more likely to injure the young lemons.

Etiwanda growers were advised that thrip is quite widespread and that the thrip condition is worse there than in other parts of the district. Speaking on the thrip situation was Dr. M. Landon of the United States bureau of entomology.

Other speakers were A. N. Boyce and Harry S. Smith of the Riverside citrus experiment station.

USE OF COLORADO RIVER WATER HERE MAY BE FEASIBLE

Committee Seeking to Determine Fair Rate in Selling to Cities

UPLANDERS INTERESTED

Supply From Distributing Lines Through Here to Relieve Basin

Serious consideration is today given by officials of the Metropolitan Water District to the request from Upland and other cities in the citrus district that Colorado river water be sold at a fair rate.

As an individual city Upland has not asked about the possibility of buying water, but a temporary organization of cities in the foothill area recently sought information about possibility of taking water from the distributing lines. The lines being placed through this area by the Metropolitan Water District will carry more water than is needed by the member cities for domestic purposes.

If the water can be purchased at a fair rate it is likely many communities will obtain it as a new souurce and thus relieve the uunderground basins. A special committee of the district board has been appointed to handle the requests and to determine at what figure the water may be sold. Chairman of this board is Franklin Thomas, professor at the California Institute of Technology, Pasadena.

Work is rapidly progressing in laying of the distributing line through this area on Fifth street. This line, when completed, will extend from the Cajalco reservoir, near Riverside, to Glendale.

Men Sponsor Big Family Picnic in San Antonio Park

Sponsored by the Men's class of the Methodist church as a pleasant occasion for all men of the church and their families, a picnic will be held Friday evening, Aug. 14, in San Antonio park.

Each family is to bring sandwiches and covered dishes and table service, but no dessert. The committee in charge will provide many luscious big watermelons to take the place of the usual dessert. The picnic supper will be served at 6:30.

Walter W. Horak, president of the class, today gave emphasis to the fact that not only are the men of the church and their families invited to the picnic, but the invitation includes as well any other men of the town and their families who wish to join in the pleasures of the evening.

Talk on Tibet Will Be Heard at Church Wednesday at 2:30

An address on Tibet that is expected to be of interest to the general public, will be delivered at the Upland Mennonite church Wednesday afternoon by the Rev. E. B. Steiner, Mennonite missionary to Tibet for the past 20 years.

The meeting will open at 2:30 and is being held under the auspices of the Woman's Missionary society of the chuurch.

The Rev. Mr. Steiner is to be in the Los Angeles district for a number of days, but so popular are his talks on Tibet and the missionary work being done there, that it was impossible to secure him for an evening or a Sunday meeting in Upland.

The meeting Wednesday will be free and open to the public, with a cordial welcome awaiting all who attend.

Agent Here of Many Years Ago Promoted

J. R. Hayden

Who was Santa Fe agent in Upland 30 years ago, has been promoted to an assistant to S. T. Bledsoe, president of the Santa Fe system.

HAYDEN ASSISTANT TO S. F. PRESIDENT

Santa Fe Agent Here of 30 Years Ago Promoted to High Position

Residents of Upland who can remember back more than 30 years, will feel a personal interest in the news of the appointment of J. R. Hayden to the position of assistant to S. T. Bledsoe, president of the Atchison, Topeka and Santa Fe Railway system.

Mr. Hayden is counted among those successful railroad men who have "begun at the bottom and worked up."

Many years ago Mr. Hayden was agent at the Santa Fe station in Cucamonga, coming from there to the Upland station to succeed Henry Newell, who was transferred to Redlands. J. L. Short of Second avenue was telegraph operator at the local station at that time.

Mr. Hayden and his family lived in Upland until he was promoted to traveling freight agent with headquarters in Los Angeles.

T. M. Nichols of First avenue succeeded Mr. Hayden as local agent on April 5, 1905, and remained in charge of the station until his recent retirement.

After serving for some time as traveling freight agent, Mr. Hayden was twice promoted, first to the office of industrial agent and then to assistant traffic manager, a position he held at the time of his recent elevation to assistant to the president.

Mr. Hayden's former friends and neighbors here have watched his career with interest and it was with much pleasure they received the announcement of his present promotion. His headquarters will be in San Francisco.

Headquarters for Republicans Here To Be Opened Soon

Local Republican headquaurters are to be opened here soon at 167 East Ninth street with Fred W. Anderson in temporary charge. From this office the Landon-Know campaigners will distribute literatuure and will direct an intensive drive.

Mrs. Brest Injured In Selma Accident

Mrs. Darwin Brest is recovering today from minor injuries she received in an automobile accident near Selma Saturday. She and her two children and Howard Fay, driver of the machine, narrowly escaped serious injury. They were returning to Upland after Mrs. Brest has visited her sister, Mrs. Frank Rush, nee Edith Pittenger.

Without warning the car in front of the Brest machine suddenly slowed up to make a turn. To avoid hitting the car, Mr. Fay swerved the machine to the left and in so doing struck the soft dirt at the side of the pavement. Rear of the machine swerved and struck a telephone pole. The pole was broken. Mrs. Brest suffered a dislocated vertebrae. Mr. Fay is a teacher in the Upland junior high school and he was driving for Mrs. Brest on the return trip.

PROTECTION FROM FLOODS DISCUSSED IN HEIGHTS TODAY

Construction of Canal at Twenty-Fifth Street Is Proposed

DELAY IN HUGE PROJECT

C. E. Grier Proposes Work for Immediate Protection In Area

Keen interest and great anxiety were evident by residents of San Antonio Heights, Upland city officials and other interested parties at the meeting held this morning at the call of C. E. Grier of Upland, chairman of the San Bernardino county board of supervisors. With Mr. Grier were District Attorney Stanley Mussell and County Highway Engineer Howard Way.

The meeting was held in San Antonio Heights.

The topic of deep concern was protection of San Antonio Heights and the district south of that fine residential community, including the cities of Upland and Ontario, from flood waters. All agreed that the situation is acute—and the unanimous opinion of all is that the only certain and permanent solution is the project that has been drawn up by Engineer R. V. Ward of Upland and submitted to the federal government some months ago. There has been no action taken by federal authorities and it is feared that none will be taken—at least not at present.

It was also pointed out that should the WPA approve this emergency project it would be two years after work started until the district in danger would receive any protection as a result—for the reason that work would have to be started at the east end of the district. It was also pointed out that such a project would not only be a protection from storms but would also be of great benefit in the conservation of water that would be diverted to the spreading grounds.

Mr. Grier and the officials accompanying him informed those at the meeting that the only funds available for spending by the county would be the gasoline tax. His tentative proposal was that a canal be constructed along the north side of Twenty-fifth street, from a point west of the church, down to Twenty-fourth street—the depth and width of which would have to be decided after further consideration of the problem. Twenty-fourth street is the north city limit of Upland and county officials would not act in the matter until assured Upland would take some preventive measure to take care of the floods from that point. The matter has not yet been presented to the Upland city council, but will no doubt come up for consideration at an early date.

Mr. Grier stated that there is now no responsibility to be assumed by anyone because of flood damage, but when the county or city does anything to divert the water the responsibility for damage that might result rests with them. It is not expected the proposed ditch would solve the problem, he stated, but the plan is simply a gesture to help conditions as best they can under the circumstances.

At present there is no adequate drainage to take care of flood waters and debris that might be diverted to Twenty-fourth street as a result of the proposed ditch. The ditch along East Nineteenth street would carry only a small portion of water that results from flood conditions—and no estimate has been made as to the expense of building proper facilities. Before Upland city councilmen make any decision in the matter they would no doubt want to know what action the city of Ontario would take in regard to handling flood waters which might reach that territory. The matter will be given careful study by the Upland council, as they realize the hazard which now exists in case of excessive rains in the mountains.

Heights Community League Meeting on Thursday Canceled

Due to an unavoidable change in plans, the meeting of the San Antonio Heights Community League, of which Dr. Charles B. Taylor is president, scheduled for Thursday evening, will not be held, it was announced today.

Where Pay Roll Dollar Goes

A topic of more or less general discussion is the salaries of executives of large corporations—and an analysis of the pay roll dollar of such concerns recently made by the United States News is of much interest. The News states that out of every hundred dollars in the pay envelope of American business and industry $97 goes to wage earners and employes in the lower brackets—the remaining $3 being paid to executives for management of the large enterprises.

It is pointed out that in 1934—when employes other than government employes earned $26,000,000,000—the wage earners and those in the lower "white collar" brackets received about $25,220,000,000; total pay of executives that year being $780,000,000. In 1935 there was an increase of almost 10 per cent in the compensation of workers in business and industry. In that year $2,425,000,000 was added to the pay checks of wage earners and salaried workers—and salaries of officials of corporations rose to $855,000,000, or an increase of $75,000,000.

The United States News states the allotment of three per cent of the total pay roll to executives is based on figures of 694 companies in 25 industries made by the National Association of Manufacturers. Compensation paid employes during the two years noted above was compiled by the Department of Commerce in its study of national income produced. Says The News:

"Executive salaries, including bonuses, as shown by NAM's study, in addition to being only 3 per cent of the total payroll amounted to just six-tenths of 1 per cent of sales and to thirteen cents on each share of common stock.

Contrasted with this outlay for competent management is the money which taxes absorbed in the canvassed companies. Federal, state and local levies took an amount equal to 34 per cent of the payroll.

"In commenting on the study at the time it was made public, NAM said, 'a wholly false and misleading impression of the portion of the payroll received by top executives has been created in the minds of many Americans by the publication of the salaries of executives of certain larger corporations.

"Compared with the tax burden weighing down on these same companies, executive salaries dwindle into insignificance. Taxes take more than eleven times the amount paid in executive salaries. Let industry be relieved of a portion of this overwhelming tax burden, and it will be in a far better position to reemploy many of those who are now unemployed or on the public payroll.'

"The larger business enterprises pay a much smaller percentage of their labor costs to management than do the little companies employing a handful of workers.

"Although the large corporations reward their executives with substantially greater salaries than do the smaller firms, in proportion to the total payroll these executive remunerations play a far less important role than they do in small companies. NAM found that executive salaries ranged from about one-third of the total payroll in enterprises employing from one to twenty people, to 1 per cent in companies having more than 5,000 employes."

It is further stated that major executives took tremendous cuts in salary—along with their other earnings—in the bad years that followed the crash. In 1929 there were some executives who received a million dollars for their services—in the worst years a steel official who received over a million and a half in the "boom days" took a slash of 90 per cent in his earnings. In the statement of the Securities and Exchange Commission for 1935 no mention of million dollar salaries is seen.

—o—

There seems to be no doubt that the Lemke candidacy will hurt President Roosevelt a great deal more than Gov. Landon—poll on the subject indicating that Lemke will take away four votes from Roosevelt to one from Landon. Latest poll of the Institute of Public Opinion gives a slight edge to Landon in electoral votes and Roosevelt a small advantage in the popular vote. Indications at this time point to a very close election, but Republicans are confident Landon will continue to show a gain right along until election day. A number of states are now in the doubtful column, with New York and Pennsylvania generally conceded as the key states. Anti-Roosevelt organizations in more than twenty states—with many prominent Democrats enrolled therein and fighting the New Deal administration—will undoubtedly be a large factor in pulling many Democratic votes for the Republican candidate. Perhaps there has never before been a campaign wherein so many prominent Democrats have come out in strong endorsement for the Republican ticket. Financial policy of the President and the resultant all-time high in the national debt is one of the chief reasons for this stand against President Roosevelt.

—o—

Back in the middle west they are having the same trouble over government relief that exists here. From Minnesota comes the report that farmers have been unable to harvest their crops because they were not able to hire help—most of the unemployed being on relief and refusing to take jobs in the regular channels of labor. Berries also are said to have rotted on the bushes because help could not be secured. Being unable to hire help some farmers purchased combines and other labor saving machinery in order that they might harvest their crops. Thus was created a condition which will have a permanent effect—as in future these farmers will not be in the market for harvest hands and unemployment will be still more acute. The fellow who will not take a job in private industry when the opportunity is given him should not be permitted to remain on the relief rolls. He is not looking for work—he has lost his self respect to such a degree that he has deteriorated into a sponge and is willing to have his fellow countrymen support him.

—o—

No doubt by this time some of the veterans are wondering what became of their bonus payments—but many thousands of them put the money to good use. In which characteristic the veterans are not unlike the rest of us.

—o—

There is one thing Americans can be proud of: There is probably no other nation in the world that could take the beating the United States has during the past few years and still stand up under the strain.

—o—

A Princeton professor thinks radio may be used to drive away insects. It undoubtedly will if they listen to some of the programs put on—and most of the "hooey."

—o—

"Salads," so an authority on food says, "can be made of most anything." And we have plenty of reasons to believe that in many instances they are.

Notes of Society

Club Woman Tells of Steamboat Day in Yakutat, Alaska

A brief description of "steamboat day" away up in Yakutat, Alaska, appearing in the recent Woman's club issue of the Alaska Daily Press, gives a vivid picture of the routine of the coast towns. The article, written by Lena Morlander, says:

"Once a month boats are harbingers of joy! As the whistle is heard, everyone hurries down to the dock, the native Indians who have souvenirs to sell, the 20-odd white inhabitants calling gaily to each other, and Spud, the big Newfoundland—king of the dogs—who has never been known to miss a boat.

"When the first excitement passes, the crowd gathers about the little cubby-hole in one corner of the warehouse which serves as a postoffice. The genial missionary-postmaster stands at the door and, with his good wife assisting, calls out the names of the lucky ones receiving anything from social letters down to a postal card of fur prices.

"Back we go for another month of unbroken round of duties and the pleasures peculiar to Yakutat."

Mrs. Ellis Zander Is Honored Guest at Layette Shower

Mrs. Ellis Zander (Louise Norton) of Pomona was the recipient of a pleasant courtesy Sunday morning when the Misses Helen and Esther Guy entertained for her with an informal breakfast and layette shower at their home, 1388 Euclid avenue.

Lovely water lilies were used on the breakfast table and large asters furnished the decorations for the living room.

Breakfast was served at 10 o'clock and for some time the guests and their hostesses lingered about the table, chatting merrily. Later they gathered in the living room where the number of beautiful gifts were presented to Mrs. Zander.

Participating in the happy event were Mrs. Zander and her mother, Mrs. Ray C. Norton, Miss Mary Norton, Miss Ruth Mathews, Miss Gladys Bowden, Miss Gloria Foss, Mrs. H. M. Guy, and the hostesses, the Misses Helen and Esther Guy.

District Deputy Will Visit Silver Link Lodge Friday

Mrs. John D. Wolfe of Claremont, district deputy president, will make her official visit to Silver Link Rebekah lodge during the regular meeting to be held Friday evening in the I. O. O. F. hall.

The lodge meeting will be preceded by a plate dinner for which a small charge will be made.

Mrs. Wolfe will make her official presentation of the lodge work and all members are requested to attend the meeting. Mrs. H. L. Davis, noble grand, will preside.

Mrs. Arthur Allen Is Honored Guest at Gift Shower

Mrs. Arthur Allen of 640 Amethyst avenue, Alta Loma, was extended a pleasant courtesy Monday evening when her sister-in-law, Mrs. Elmer Allen, and Mrs. Earl L. Wenger entertained in her honor with a bridge party and layette shower at the home of Mrs. Elmer Allen, 671 East Eleventh street.

A dessert course was served early in the evening and was followed by the presentation of the gift packages to Mrs. Allen.

After admiring the many lovely gifts, the guests played a number of amusing guessing games and in conclusion bridge and rook were played. In the bridge tourney Mrs. Ernest Olson won first prize and Mrs. Fred Rickel, consolation. First prize in the rook game was awarded to Mrs. Harold Nicholson.

Jars filled with long spikes of larkspur provided attractive decoration for the rooms.

Attending the party were the honor guest, Mrs. Arthur Allen; Mrs. C. Ernest Olson, Mrs. Fred R. Rickel, Miss Florence Rickel, Mrs. Vernon V. Paine, Mrs. John Jellison, Mrs. Lee K. Bigley, Mrs. Erwin Koch, Mrs. Alvin Finn, Mrs. Howard Paulin, Mrs. Henry Andeson, Miss Alice Hawker, Miss Hazel Miller, Mrs. Harold Hively, Mrs. Claude McKee, Mrs. George Dibble, Mrs. John Jobe, Mrs. David Allen, Mrs. Kenneth Allen, Mrs. Harold Nicholson, Mrs. Pearl Allen, and the hostesses, Mrs. Wenger and Mrs. Allen.

* * *

Colorful Program Is Given at Eastern Star Meeting

Delegated to provide the entertainment for the evening, the men of the Upland chapter, Order of Eastern Star, presented a troupe of professional entertainers in an elaborate program as a part of the chapter meeting held last evening in the lodge rooms in the I. O. O. F. hall.

At the regular hour Mrs. Earl C. Thomas, worthy matron, conducted the chapter meeting, with the program following.

O. P. Brady, as chairman of the men's committee, served as master of ceremonies and presented the entertainers, all from Camp Baldy and present through the courtesy of Mrs. Ruth Curry Burns of Camp Baldy.

The Frounfelder Swiss entertainers, a father and his three talented children, gave a varied program of Swiss songs, yodeling and accordion numbers, Miss Elizabeth Frounfelder being an expert accordion player.

Miss Una Wolfe and her Mexican troubadours, who have just returned from Santa Barbara where they were headline attractions at the annual fiesta, appeared in a number of Spanish songs and dances.

Each number of the entire program was greatly enjoyed by the audience and received enthusiastic applause.

At the conclusion of the entertainment, the Star members and their guests adjourned to the dining hall for refreshments, served at attractively decorated tables. A special table, centered with a large birthday cake, was arranged for those having birthdays in August, including Mrs. Earl C. Thomas, Mrs. O. P. Brady, Mrs. Gust Anderson, Mrs. H. C. Kennedy, Mrs. Ray C. Norton, Mrs. H. J. Kaufman, Mrs. J. F. Hamilton, T. M. Nichols and V. H. Wilson.

Local Poets Again Accorded Honor in Radio Club Program

Again local poets have won recognition in the program broadcast over KFVD by the Radio Poets club.

In the program broadcast Monday Mrs. Leslie Foster's poem, "What Price Driftwood," was read and Mrs. Viola Perry Wanger was announced as winner of second prize in last Wednesday's contest, her poem being "An Old Man's Evening." Another contest will be held Wednesday afternoon at 1:45.

Supervisors' Work Praised by Riley

It takes a lot of good management and the exercising of sound judgment to operate San Bernardino county at a per capita cost of $14.67, Ray L. Riley, state controller, pointed out in a letter of commendation to C. E. Grier. The state official, a Colton resident, complimented the county board of supervisors for its record.

In counties of comparable size the cost per capita is from $1 to $5 higher. Only three counties, Placer, Imperial and Siskiyou, have costs below $14.66. These counties are smaller in size and population. Riverside county's per capita cost is $19.58 and that of Orange county is $18.81.

Legionnaires Busy At State Convention

Uplanders are playing a prominent part in the annual state conventions of the American Legion and the Legion Auxiliary being held in Hollywood. Many Legionnaires are attending the sessions, yesterday's program being featured by the colorful parade.

Earl E. Marsh was honored by the 40 and 8 at its convention, which preceded the Legion conclave, he being chosen assistant national executive committeeman. As state president of the Legion auxiliary, Mrs. Earl E. Marsh is presiding over the women's sessions.

Upland Nine Wins Over Ontario Team

By a 6 to 4 score, the Upland Recreation ball nine defeated Hoyt's nine in a game in the junior division of the Ontario night league. The game was played yesterday. Ed Dean is the local director of the playground.

On the line up for the Upland nine were Lyle Hays, catcher; Willis Trautwein, pitcher; Fulton Pennick, first; Bill Pennick, second; Dwight Bert, third; James Gilmore, short stop; Robert Cameron, left field; Kobi Shoji, center field, and Orville Bert, right field.

Andreas Endorsed By Labor Officials

Godfrey A. Andreas, Uplander, who is among the contenders for the nomination of assemblyman at the Aug. 25 primary, is receiving backing from many interests. Mr. Andreas is seeking re-election.

He has just received the endorsement of the California legislative board of five railway organizations. He was also endorsed by the Brotherhood of Railroad Trainmen.

Grape Culture Is Told at Rotary

(Continued from Page One)

this county, stating the first vineyard was established about 1839. There are now 24 commercial varieties produced here, the county acreage being 36,700, about one-fourth of the entire acreage in the county devoted to agricultural products. He noted the many changes in the varieties when prohibition came in and again since prohibition repeal was voted. There are no better quality sweet wine grapes produced in the world than in San Bernardino county, Mr. McKennett said. He noted the losses suffered in the grape industry the past ten or twelve years, but stated conditions are getting better with a more stabilized price since cooperatives are functioning.

The club was glad to have Past President Merton E. Hill present at today's meeting, he contributing to the fun of the meeting by directing the singing—after being presented as a guest conductor from the Hollywood bowl.

WHY YOU SHOULD VOTE to Nominate
HARRY R. SHEPPARD
(FOR CONGRESS)
On the Democratic Ticket, at the Primary Election, August 25, 1936

There should be no tax exempt bonds. Privileged groups have become entrenched in privilege to such an extent that this condition now threatens our social order and the stability of our government. If our nation is to continue as a free and sovereign people, we must take a greater concern in the welfare of the people as a whole.

Candidate Harry R. Sheppard

Mr. and Mrs. W. J. Kedmott have returned to their home at 653 East Eleventh street, after enjoying a very pleasant vacation in Long Beach. They were away for one month.

Mr. and Mrs. C. K. Francisco, 636 East Arrow highway, have as their guests their nephew and niece, Mr. and Mrs. Forrest Francisco and small daughter, Mary Anne, from Lexington, Neb.

Mr. and Mrs. Horace Little, formerly residents of Upland for many years, have come up from their home in Thermal in Coachella valley, and are spending a few weeks vacation here. They are occupying the home of Mrs. Cless D. Grier, 788 Euclid avenue, while Mrs. Grier is vacationing at Laguna Beach.

Miss Jeanne Thompson, who has been visiting with Mr. and Mrs. A. W. Benson on San Antonio Heights, left Monday for her home in Des Moines, Iowa. Miss Thompson came to California in June to attend the national convention of the American Nurses association, and she spent some time with Mr. and Mrs. Benson and also visited her sister in Glendale.

Miss Mertie Smith is spending this week with friends in Burbank and Hollywood. Miss Smith and her brother-in-law and sister, Mr. and Mrs. Luther Daniel, motored to Burbank Saturday to return to her home little Miss Ettabelle Peck, who has been visiting at their home, 435 Laurel avenue, for the past two weeks. Mr. and Mrs. Daniel returned home Sunday evening.

Mr. and Mrs. Lon French of Pretty Prairie, Kan., who are visiting with Mrs. French's sister, Miss Amelia Seyb, in Ontario, were dinner guests Sunday of Mr. and Mrs. Paul F. Schowalter, 183 East Foothill boulevard. Miss Gertrude Eymann, sister of Mrs. Schowalter, also was a guest at the dinner. Mrs. French and Mrs. Schowalter were intimate friends many years ago when Mrs. Schowalter lived in Kansas.

Mr. and Mrs. Henry E. Wilde of the Mehl apartments motored to Los Angeles Saturday and were week end guests of their friends, Mr. and Mrs. Emmett Ainsworth. They had the unique experience of attending a Japanese beach party at Redondo Beach Saturday evening, when Japanese food was served, chopsticks being used in place of forks. On Sunday the Wildes and their hosts attended the Stockton, Kan., picnic held in Brookside park, Pasadena. Mrs. Wilde and Mrs. Ainsworth are natives of Stockton and they met many of their former friends at the picnic.

Mr. and Mrs. James A. Pitts of 177 Euclid avenue are enjoying visits from a number of relatives. Among the guests are Mr. and Mrs. C. C. Wolfe, brother-in-law and sister of Mrs. Pitts, from Douglas, Ariz. Mr. Wolfe is general purchasing agent for the Phelps-Dodge interests in Arizona. He and Mrs. Wolfe are spending a month in Southern California. Two nieces of Mrs. Pitts, Miss Charlotte Washington of Ashfork, Ariz., and Miss Elsie E. Duke of Los Angeles, also are guests in the Pitts home, and a second sister of Mrs. Pitts, Mrs. J. H. Kelly, and her son, Norman Kelly of Los Angeles, joined the group for a week end visit.

M. and Ms. A. H. Wenger, 481 First avenue, left today by motor for an extensive trip, the most easern point on their itinerary being Hartford, Conn., where they will visit the factories of the Fuller Brush Co. Mr. and Mrs. Wenger will go east by way of Salt Lake City and at Evergreen, Colo., near Denver, they will visit with Mrs. Wenger's brother and sister-in-law, Mr. and Mrs. Leslie Wagaman and family of Kansas, who are spending their vacation at Evergreen. They will visit Rochester, Minn., cross Lake Michigan, and motor to Niagara Falls and through New York to Connecticut. On the return trip they will stop near Harrisburg, Pa., to bisit with relatives and also will visit in Abilene, Kan. They expect to be away for two months.

The Goodwill truck will be making collections Fridays. Calls on request only. Send card, 129 East A St., Ontario; phone 618-102.—adv. 58-EOT

The brief shower that fell Saturday morning in the Upland district added .05 of an inch to the new season's total, which now stands at .12 of an inch. At this time last year the total was .07.

Recent visitors at the home of Mr. and Mrs. Roy Karr were Mr. and Mrs. Loy McDonald of Golden City, Mo. They are friends from the time the local couple resided in Missouri. The visitors were here late last week and remained for a few days.

A. E. Mendosa, new instructor in the commercial department of Chaffey junior college, and Mrs. Mendosa and their one-year-old boy, have arrived here from Ventura and are living at 537 Laurel avenue. Mr. Mendosa has been an instructor in the Ventura junior college but was recently engaged for a position on the Chaffey faculty.

Mrs. Edna M. Brown, 1423 Euclid avenue, has returned home from Iola, Kan., where she was called by the illness and death of her mother, Mrs. J. Butler. Mrs. Brown and her brother-in-law and sister, Mr. and Mrs. J. D. Ewart of Claremont, traveled to Kansas by train, but returned in a new car. They were away for a month.

Mr. and Mrs. A. W. Benson of San Antonio Heights and their guests, Miss Jeanne Thompson of Des Moines and Mr. and Mrs. Walter Vance of Winterset, Iowa, attended the Iowa picnic held Saturday in Bixby park, Long Beach. Because of the very warm day and the freak thunderstorm, Mr. Benson was subjected to much good-natured banter from numerous Iowa visitors.

Mr. and Mrs W. B. Harvey, 254 West San Bernardino road, Cucamonga, received interesting news Monday from their son-in-law and daughter, Mr. and Mrs. Morris Reynolds, stating they now are located in Santa Cruz. For several years Mr. Reynolds has been in the employ of the Southern California Edison Co. and he and Mrs. Reynolds have made their home at Big Creek in the High Sierras. Mr. Reynolds has now established his own business in Santa Cruz and they will make their home in that city.

Mrs. Anna Gengras, East Ninth street, is reported to be improving following an operation at the San Antonio Community hospital late last week.

Miss Etta Lindsey, 948 Fifth avenue, is recovering at the San Antonio Community hospital from an operation for the removal of tonsils and adenoids.

Mrs. A. J. Burnett has moved to Upland to reside indefinitely and perhaps permanently. She is now living at 579½ First avenue. Her two sons preceded her here from Arkansas and she arrived last week to join them.

Paul and Phyllis Hershey, children of Mr. and Mrs. C. E. Hershey, 560 East Fifth street, Ontario, are at the San Antonio Community hospital, where they went yesterday for the removal of the tonsils and adenoids.

Permits for operating spray rigs and in managing crews were granted by the county supervisors yesterday to Burkholder & Bert with J. W. Bert, foreman, Upland, and O. H. Price, operator, and Walter S. Price, operator, both of Etiwanda.

Mr. and Mrs. William Naftel, 1010 North Sultana avenue, are the parents of a daughter born at the San Antonio Commuunity hospital Saturday. Mr. Naftel is the son of Mr. and Mrs. W. F. Naftel and the young couple is receiving many congratulations on the arrival of the young lady.

Mr. and Mrs. William Schneider of 141 East Arrow highway entertained a number of friends over the week end, four of them being guuests at 7 o'clock dinner on Sunday. The visitors were Mr. and Mrs. Earl Williams (Alice O'Brien) of Los Angeles, Mr. and Mrs. John Watkins of Burbank, and Mr. and Mrs. R. D. Gentry (Barbara Harwood) of Alhambra.

Mr. and Mrs. Marion Grothe and children, Charles and Jacqueline, have returned from a four days motor trip to Virginia Lakes, 90 miles north of Bishop in the High Sierras. Mrs. Grothe's brother-in-law and sister, Mr. and Mrs. Glen McLaughlin, formerly of Cucamonga and now residing in Montebello, are spending two weeks at Virginia Lakes and the Grothes joined them there. They fished in several of the lakes and caught fine golden trout. When the Grothes left the mountains Sunday it was raining hard and the temperature stood at 45 degrees.

Kendrick Brown has reported to police that he lost a kit of tools to a thief from his parked automobile. He resides at 533 Second avenue.

Mr. and Mrs. Ray J. Phillips have moved to 155 Euclid Place from Ontario. Mr. Phillips is employed by the Southern California Edison Co.

Mrs. Gust Anderson of East Arrow highway, who has spent the past three weeks at Long Beach, came out Monday to attend the Eastern Star meeting last evening, but returned today to Long Beach to complete her vacation. She expects to return home on Aug. 19.

"Circumstantial Evidence" was the subject discussed by Edward E. Gray, local attorney, when he spoke at the meeting of the Fontana Rotary club at noon yesterday. His remarks centered about the Hauptman case in New Jersey and he also told of other cases in which circumstantial evidence has played a prominent part.

Mr. and Mrs. E. E. Carter and daughter have returned to their Washington bouulevard home after a two weeks vacation at Balboa. Mr. Carter is a member of the Uplnd police department and he has returned to duty. On his return Officer Ralph Dark and Mrs. Dark left the city for a motor vacation to the northern part of the state.

Several youths from here are attending the Boy Scout camp at Camp Tulakes, the outing being in charge of Father Ralph Rohr, Christ Episcopal church, Ontario. Among the Uplanders going up over the week end were John and Eddie Case, Roy Eells, Ray Flickinger and Buddy Anderson. Braddo Whitney is one of the assistants and he went to the camp yesterday. Donald Hill, Ontario, is also assisting.

Mrs. Blanche M. Loch, 1190 Fifteenth street, is having the pleasure of entertaining her sister, Mrs. Isabelle Easter of Lincoln, Neb. On Friday they went to Long Beach and accompanied by friends of that city, they motored to San Diego to see the exposition. They also spent a day on Catalina island and are making plans for many other pleasure trips during the two weeks Mrs. Easter will remain here.

Service Club Hears Single Tax Opposed By Popular Speaker

An able discussion of the single tax proposition that is to appear on the November ballot was heard by a large number of members of the Cuucamonga Service club when they met last evening at the ranch home of the club's president, Wm. B. Hutton, 891 Hermosa avenue, Alta Loma.

The speaker was H. S. Ryerson, of the California Committee Against the Single Tax. Mr. Ryerson called attention to the fact that the single tax proposal will appear on the ballot as proposition No. 1 and will be camouflaged as repeal of the sales tax. The speaker devoted much of his time to an explanation of single tax proposal and stated it would place a devastating tax upon real estate. To vote against the single tax, he said, one should vote "no" on proposition No. 1.

The meeting was conducted by Judge James Sharp, vice-president of the club, in the absence of President Hutton, who was unable to be present.

Plans were partially completed for the community picnic to be held at the Central school on the evening of Monday, Aug. 24.

Dr. Harold R. Miller Assembly Candidate From 72nd District

Dr. Harold R. Miller, for the past 12 years resident of Chino and a practicing physician and surgeon, is a candidate for the Democratic nomination to the state assembly. While admitting that he has no special platform to submit to the people, Dr. Miller declares that he seeks only to use common sense in meeting issues as they come.

If he is nominated and elected, Dr. Miller would become the only member of his profession in the legislature and feels that some recognition should be given this fact since, to a more and more degree, legislation and state activities must lean toward humanitarium measures. A medical man sees the suffering of the aged, the poor, and the children first hand.

The doctor has no pet hobbies to espouse and states he will do the best he can to carry out the mandates of the voters of the 72nd district if elected.

Being interested in walnut growing, he has experienceed some of the rancher's difficulties at first hand.

It is not necessary to introduce Dr. Miller to the people of the West End of the 72nd assembly district because he is widely known. He is married and has two daughters in school and is an ex-service man.

Local Employe in Edison Office Is In Winning Group

Mrs. Jessie K. Holden, immediate past chairman of the Pomona division Edison Women's committee, an organization composed of women employees of the Southern California Edison Co., Ltd., in Ontario, Covina and Pomona districts, has just been notified that the year book submitted by this group has been awarded second prize in a contest participated in by nine divisions of the company.

The cash award is given by the management of the company and contest points are based on various activities of the organization for the year just ended. Three Edison officials were contest judges.

Mrs. Elizabeth O'Keefe of the Ontario operating department compiled the book for this year. Mrs. O'Keefe was recently elected as chairman of the organization for the coming year.

The Pomona group won first prize in 1933, third prize in 1935 and second prize for the year just closed.

Local members of this organization are Miss Viva Moser of Upland, Mrs. Elizabeth O'Keefe, Miss Lucile Majors, Miss Verda Humphreys, Miss Betty Hall and Mrs. Amy Bidwell of Ontario.

Wage Scale Is Being Set for County Jobs

Scale of wages to be paid workmen on county jobs is being set in conference between J. Ernest Hood, secretary of the central labor council, and the board of supervisors. Agreement has been reached on all except the rate for common laborers. Hood proposes 60 cents an hour. C. E. Grier, board chairman, contends 50 cents an hour is the prevailing rate.

Other proposed hourly wages follow: Lathers and plasterers, $1.12½; bricklayers, pluumbers, steam fitters and stone masons, $1.10; carpenters, electricians, painters and sheet metal workers, $1; hod carriers, 87½ cents and truck drivers, 75 cents.

Major: "What is a maneuver?"

R. O. T. C. Boy: "Something you put on grass to make it green, sir."—Drexel.

RELIEF PROGRAM CHANGE SEEN IF GRIER SUCCEEDS

Uplander Given Task of Directing State Campaign To Change SRA

It is likely a new plan of administering relief will be in effect in California within a year because C. E. Grier, Upland, chairman of the board of supervisors, has been given the task of directing the state-wide campaign to bring about the change. Mr. Grier has been appointed by William J. Hamilton, Oakland, president of the California Supervisors association, to direct the campaign. It is proposed that the state legislature next January consider Mr. Grier's plan in handling relief. An intensive campaign is planned leading up to the legislative sessions.

At present the State Relief Administration (SRA) and the county have a part in administering relief. It is proposed by Mr. Grier—and his proposal has received widespread support—that the SRA be discontinued. It is contended that there is duplication of effort and that if each county had the entire responsibility there would be less waste and more effective use of the relief funds.

VAST PROJECT IN FOREST APPROVED

Area in Mountains Will Get Roads, Playgrounds, Water Lines

Exvansion of the fire protection program in San Bernardino mountains is virtually assured today as a total of $653,910 in improvements has been approved by the WPA. Extensive fire hazard elimination, water development, road building and improvements of public camp grounds are included in the plans, which call for a year's work in the mountain playground area from Upland to San Bernardino.

Preservation of the forests from fire is the chief aim of the program, according to WPA Director Ralph B. Smith. The work will also provide an employment reservoir for unskilled labor. Hundreds of men can be shifted to the projects, which cover the entire forest area, at a moment's notice. The United States department of agriculture is contributing $121,957 as sponsor.

The new projects will carry on the program of the present $365,000 project, which is employing approximately 600 men.

Construction and improvement of 264.8 miles of mountain roads are included, extensive development of 20 camp grounds, installation of 20 tanks for water tapped from springs, erection of three fire guard stations, development of watering and feeding grounds for deer and other wild life and insect and pest control for Lake Arrowhead and Idylwild. Considerable telephone line will be laid, linking ranger stations and forest lookouts.

Thirty miles of drift vents or fences for controlling cattle will be erected. Government grazing grounds will be improved. Plans call for reforestation of 100 acres of timber land.

The road improvement program has been designed chiefly to facilitate transportation of fire equipment. A total of 56.8 miles of fire proection road will be widened and straightened. Road hazards such as brush and sharp turns will be eliminated on 108 miles.

Mrs. Owen Summoned After Long Illness—Funeral Is Held Today

Succumbing to a long illness, Mrs. L. F Owen died Saturday evening at her home at 244 South Second avenue.

Mrs. Owen, who was 67 years old, was a native of Tennessee and came to Upland from Brighton, Tenn., two years ago.

She leaves her husband and three daughters, Mrs. R. F. Briggs, Mrs. Bessie Combs and Mrs. Earl Tucker, and one son, W. E. Owen, all of Upland, and a son, Lee Owen, in Brighton, Tenn. There also are two sisters, Mrs. Katie Smith and Mrs. Maggie Gibson of Memphis, Tenn., and nine grandchildren and two great-grandchildren.

Funeral service was held at 2:30 this afternoon at the Stone funeral home, the Rev. Glenn Becker of Ontario Foursquare Gospel church officiating.

ALTA LOMA-CUCAMONGA

The Rev. and Mrs. William McKinley Walker of Los Angeles were guests over Sunday night of Mr. and Mrs. Robert Nesbit, 402 North Hellman avenue, Cucamonga. The guests returned to Los Angeles Monday.

Mr. and Mrs. Isaac Habegger of North Hellman avenue, Alta Loma, recently had the pleasure of a visit from Mr. Habegger's sister, Miss seen for 17 years. Miss Habegger Nancy Habegger, whom he had not has returned to her home in Findlay, Ohio.

Mr. and Mrs. Olin Habegger of Inglewood were week end guests of Mr. Habegger's parents, Mr. and Mrs. Isaac Habegger.

ETIWANDA

ETIWANDA, Aug. 11. — Mr. and Mrs. W. F. Stephens spent the past week at Laguna Beach in company with Mrs. E. M. Stephens and daughters of San Bernardino.

A group of young people including Mr. and Mrs. J. Pearson and sons, Jimmie and Dick; Mr. and Mrs. H. Frost, Mr. and Mrs. R. L. Hickcox, Miss K. Price and Marion Lrost spent Sunday at Laguna Beach.

Mrs. John Frost was a visitor in Los Angeles Saturday.

Mrs. J. Scott and daughter, Miss J. M. Scott were down for a few days from their cabin at Fawnskin, returning the first of the week.

A group of local fishermen, including Glen Shepherd, W. F. Barnes, M. Snider, E. C. Appel, R. Appel and C. Brownless enjoyed a day of deep sea fishing off Newport Sunday.

Mrs. E. C. Appel and daughter, Miss Evelyn; Mrs. M. Cour, Mrs. F. Roe, Misses K. Price, M. Frost, Ellen Roe, and Donald Roe attended the wedding of Miss Inez Rutledge, former Etiwanda girl, at the Fontana Community church Sunday evening.

Mr. and Mrs. O. M. Harness Jr. left Monday for Los Angeles, after spending a month with the former's parents, Mr. and Mrs. O. M. Harness of Etiwanda. Mr Harness Jr. is assistant manager of the MacMillan Oil Co.

Mr. and Mrs. F. Burger returned home from their vacation trip. Mr. Burger is zanjero for the Etiwanda Water Co.

Mrs. Alice Hippard was an Etiwanda visitor on Saturday.

Bethany Union Aid Making Plans for Ice Cream Social

The making of plans for a benefit ice cream social to be held Thursday evening, Aug. 20, occupied much of the time during the business session held Friday at the all day meeting of Bethany Union Ladies Aid society.

The meeting was held at the church with the president, Mrs. William Tyler, presiding. During the morning the members spent some time quilting and a contributed dish luncheon was served at noon.

The business meeting was held in the afternoon, when the plans for the ice cream social were made. The event will be held at the home of Mrs. Tyler on the first street north of San Antonio park, and will be open to the public, with a cordial invitation being extended to everyone to attend.

The Bethany Union Ladies Aid society does a remarkable amount of missionary and welfare work and it is for those purposes that the ice cream social is being planned. Mrs. J. I. Countryman and Mrs. Fred Ranz are the committee in charge.

Legal Notices

NOTICE OF ASSESSMENT

Tioga Mutual Water Company, location of principal office, S. M. Jessup's residence, West Arrow Highway, two miles west of Upland, San Bernardino county, California.

Notice is hereby given that at a meeting of the Board of Directors, held on Aug. 1, 1936, an assessment of Ten ($10) Dollars per share was levied upon each and every share of the subscribed capital stock of the corporation, payable immediately to S. M. Jessup, the secretary of the corporation, at the office of the corporation, West Arrow Highway, two miles west of Upland, San Bernardino county, California.

Any shares upon which this assessment remains unpaid on Sept. 28, 1936, will be delinquent, and unless payment be made prior to delinquency, the said shares, or as many of them as may be necessary, will be sold at the office of the corporation, at the residence of S. M. Jessup, West Arrow Highway, two miles west of Upland, San Bernardino county, California, on the 30th day of October, 1936, at 2:00 o'clock p. m. of such day, to pay the delinquent assessment, together with a penalty of 5 per cent of the amount of the assessment of such shares, or be forfeite dto the corporation.

By order of the Board of Directors.

S. M. JESSUP, Secretary

Location of principal office, West Arrow highway, S. M. Jessup's residence, two miles west of Upland, San Bernardino county, California. 30-1

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained.

Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.

Don't delay? Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

XI. OLYMPIADE 1936
1.-16. AUGUST

June 5th
1036/54 Kl/Sz

Mr. Paul H. Helms, President
Helms Bakeries, 8800 Venice Boulevard
LOS ANGELES, California
U. S. A.

Dear Mr. Helms,

The Organizing Committee for the XI. Olympic Games has constructed an Olympic Village, such as so successfully housed the athletes of the world in Los Angeles.

Information to the Organizing Committee is that your bakery establishment was chosen as the official Olympic Games baker, and that you furnished the Olympic Village with breads for all the various nations.

Would you be so kind as to transmit to our Committee description of these breads, their formulae and especially the recipes which satisfied so much the representatives from all parts of the world ? Should you, Mr. Helms, or your head baker be here, we would appreciate your counsel.

We are very pleased about the interest of the California people in our Games, and will certainly do our utmost to satisfy our guests, so that these Games may be worthy of those in Los Angeles.

Sincerely yours
General Secretary

ORGANISATIONS KOMITEE ... XI. OLYMPIADE 1936

Read the Request from the European Olympic Committee

Now...in Europe ...the recipe for Helms Olympic Gold Medal Bread is chosen for the OLYMPIC ATHLETES

Mayor Frank Shaw of Los Angeles, William May Garland, American member of the International Olympic Committee, and officials of Helms Bakeries speed the requested bread recipes to Europe.

HELMS
OLYMPIC GOLD MEDAL BREAD

that the 19 chefs of Los Angeles' Olympic Village called "the finest bread we've ever tasted," has won a reputation around the world. Chosen for the athletes of the 1932 Olympics, winner of California's first and only Gold Medal, its matchless flavor and fine, "beefsteak" quality have made it the real Bread of Champions. More than 70,000 Southern California homes use it regularly. Try it in your home, today.
